GRAND CANYON, TOMBSTONE, & THE CAVES

SEPTEMBER 4 - 11, 2017

Visit one of America's most must-see natural attractions – the GRAND CANYON! Enjoy a day along the Grand Canyon South Rim. The Grand Canyon is unmatched throughout the world for the vistas it offers to visitors from its rim. In addition to marveling at this natural beauty, we will visit TOMBSTONE and CARLSBAD CAVERNS. TOMBSTONE was one of the last wide-open frontier boomtowns in the American Old West. Walk the same streets as Wyatt Earp and relive the shoot-out at the O. K. Corral. CARLSBAD CAVERN ... What can one say? This is one of the most amazing places on the planet. You will never appreciate just how enormous these caverns are until you have been down them yourself.

Day #1:

We will travel to Amarillo today with lunch along the way in **WICHITA FALLS**. Along with our stretch breaks, we should arrive in **AMARILLO** around 5:00pm, in time to freshen up a bit before our "Kick Back" Dinner at our hotel or you can enjoy dinner on your own at one of the wonderful options near our hotel.

MEALS ... Breakfast = Home, Lunch = On American Tours, & Dinner = On American Tours

Day #2:

Our journey today will take us through **SANTA ROSA** and into **ALBUQUERQUE** for the afternoon. This afternoon, we will enjoy a tram ride to the top of **SANDIA PEAK**. You will be transported above deep canyons and breathtaking terrain a distance of 2.7 miles. See some of nature's more dramatic beauty unfold before you. Upon arrival at the top, your vantage point from the observation deck atop 10,378 foot Sandia Peak in the Cibola National Forest affords an 11,000 square-mile panoramic view of the Rio Grande Valley and the Land of Enchantment.

MEALS ... Breakfast = On American Tours, Lunch = On Your Own, & Dinner = On American Tours

Day #3:

We will continue our trip towards the Grand Canyon today as we travel from Albuquerque to Williams, AZ. There will be several stops of interest along the way before we arrive at our hotel to freshen up before a wonderful buffet dinner at our hotel.

Day #4:

Our activities today include a wonderful, historic train ride aboard the **GRAND CANYON RAILWAY**. This ride will take us on a 65-mile trip from Williams to the **GRAND CANYON SOUTH RIM** and offers great views of the Arizona high country. While at the South Rim, we will enjoy a 2 hour motor-coach tour along the South Rim with many wonderful views. This is sure to be the day you will want your camera as there will be many photo moments.

Day #5:

This morning, we will say “good bye” to the Grand Canyon Area as we begin our journey back towards Texas. But not so fast, we have several other stops along the way. Today’s journey takes us to **TOMBSTONE**. Known as one of the last wide-open frontier boomtowns, you will want to walk the same streets as the **EARP BROTHERS** and **THE COWBOYS** and relive the **GUNFIGHT at the OK CORRAL**. We will arrive in time for you to walk the streets of Tombstone for some shopping. Or, you might want to take a **COVERED WAGON RIDE** through the streets of Tombstone. Feel the hard seat as you realize how uncomfortable that trip to the old west was from Missouri. Smell the dust and the horses, hear the sound of the creaking wagon and listen to the stories from the driver ... yippy Ki Yay!!

MEALS ... Breakfast = On American Tours, Lunch = On Your Own, & Dinner = On Your Own

Day #6:

We now will leave the Old West as we make our way to investigate the mystery that surrounds **ROSWELL**. What crashed in the **NEW MEXICO DESERT** back in 1947? It was reported that an object crashed in this general vicinity in June or July 1947, allegedly an extraterrestrial spacecraft and its alien occupants. What, if anything, has the government been hiding from us these past 67 years? Since the late 1970s the incident has been the subject of intense controversy and of conspiracy theories as to the true nature of the object that crashed. The United States Armed Forces maintains that what was recovered was debris from an experimental, high-altitude helium weather and surveillance balloon belonging to a classified program named "Mogul". However, many **UFO** proponents maintain that an alien craft was found and its occupants were captured, and that the military then engaged in a cover-up. Let’s get to the bottom of this and find out once and for all what really happened!!

MEALS ... Breakfast = On American Tours, Lunch = On Your Own, & Dinner = On Your Own

Day #7:

We have seen the Grand Canyon, visited the Old West, and have solved the mystery of Roswell. Now we take a journey down 1.25 miles below the surface of the earth as we visit **CARLSBAD CAVERNS**. I know that many of you would like to make that journey by foot; however, for time purposes, we will all enjoy the use of the elevator. When the elevator stops at the bottom, we will enter out into the **BIG ROOM**. From here, you can venture on your own based upon your own capabilities. After we have explored the earth’s interior, we will continue our journey back to Texas ending our day in Abilene. Tonight’s meal will be at one of Abilene’s finest.

MEALS ... Breakfast = On American Tours, Lunch = On Your Own, & Dinner = On American Tours

Day #8:

Well, we have sure done a lot ... **SANDIA PEAK, GRAND CANYON RAILWAY, GRAND CANYON SOUTH RIM, TOMBSTONE, ROSWELL, and CARLSBAD**. Tonight, you will rest your head on your own pillow. But before we arrive home, you will want to share stories of the week’s adventures. You will also want to share phone numbers and address with all of the wonderful people you have met on the trip. With these new found friends, you will have someone to experience the next adventure with when you travel next with **AMERICAN TOURS**.

MEALS ... Breakfast = On American Tours, Lunch = On Your Own, & Dinner = Home
