*** LIMITED AVAILABILITY THRU AUGUST 11, 2024 ***

Experience It! BROADWAY, New York City’s theater district, runs from 41st Street to 53rd Street between Sixth and Ninth Avenues. The first theater was built in 1798 and over the years, the district has grown to 40 theaters that are now considered “on Broadway.” In 1927, the street was nicknamed the “Great White Way” due to the bright white lights that illuminated the streets and advertised the multitude of shows. During this period, the shows were mostly comedies and operettas, and some vaudeville. Many of the Broadway shows that we know today were developed in the 1940s. Rodgers and Hammerstein were the pioneers who first combined song, dance, comedy and drama to create the modern musical. The lights are still shining bright, theater attendance is thriving, and to be “on Broadway” is now the most highly respected achievement for theater professionals.

TEXAS TRIO

March 31 – April 3, 2025

***** LIMITED AVAILABILITY THRU February 28, 2025 *****

TOUR DESCRIPTION

April showers bring May flowers! Isn't that how the saying goes? It is certainly true in Texas, where the winter rains bring the beautiful wildflowers of spring. Around these parts, bluebonnets begin to bloom each March and reach their peak covering North Texas roadsides and pastures through April, depending on the unpredictable weather patterns also associated with our neck of the woods. It is during this time that many gardeners begin to imagine that sea of blue in their own home landscapes. If you have had that same thought, or maybe even tried to establish your own wildflower meadow with limited success, you might want to join us on the breath-taking adventure. Along with the beautiful Texas Bluebonnets, we will visit the Presidential Libraries of Lyndon B. Johnson (#36), George H. W. Bush (#41), and George W. Bush (#43). We will even enjoy some good Texas BBQ along the way.

TOUR DESCRIPTION

Experience It! Keukenhof – which means "kitchen garden" in Dutch and also called the “Garden of Europe” – is one of the world's largest flower gardens. Situated on what were once 15th-century royal hunting grounds, the current park was envisioned by the local mayor and opened in 1949 as a place for growers to show off their dazzling array of hybrid flowers. Each year, approximately 7 million flower bulbs are planted and grow on the grounds of this 80-acre park. Keukenhof is located in South Holland in the small town of Lisse, south of Haarlem and southwest of Amsterdam. Famous for its meandering lanes, canals, sculpted garden rows and seemingly endless array of starbursts of floral colors, a visit to the park is a once-in-a-lifetime attraction that draws more than 30 million visitors each year. The best time to view the tulips is from the end of March through early May, depending upon the weather.
