## Pre-Trip Cancellation Protection Policy

### *Motor-Coach Tours offered by American Tours*

Last Updated: December 19, 2025

#### Travel Insurance Recommendation

American Tours strongly recommends purchasing travel insurance.

You may:

- Purchase Pre-Trip Cancellation Protection through American Tours, or
- Purchase travel insurance from another provider of your choice

#### What Is Pre-Trip Cancellation Protection (PTCP) offered by American Tours?

Pre-Trip Cancellation Protection (PTCP), offered by American Tours, provides peace of mind if you need to cancel your trip after making your final payment. Life happens — illness, injury, family matters, or other unexpected situations can arise. PTCP allows you to cancel your trip **for any reason**, with no paperwork required.

#### How PTCP Works:

*~ PTCP must be purchased at the time of registration to be valid. ~*

If PTCP is purchased at the time of registration,

- Simply call or email our office **before the day of departure**.
- No forms, no doctor's notes, and no explanation required.
- At the conclusion of the tour, **a refund check will be mailed to your home**, minus the cost of PTCP

#### If You Cancel Before the Final Payment Due Date,

- PTCP is not needed
- You will receive a full refund of all funds paid
- This includes any amount paid for PTCP

#### If You Cancel After the Final Payment Due Date,

*~ On the final payment due date, your funds are committed to the tour. ~*

- **With PTCP:**  
You will receive a refund at the conclusion of the tour, minus the cost of PTCP.
- **Without PTCP:**  
No refund will be issued, regardless of the reason for cancellation.

#### Travel Insurance Purchased Elsewhere:

- If you cancel before final payment, American Tours will provide a full refund — no insurance claim needed.
- If you cancel after final payment, you must file a claim with your insurance provider, as American Tours does not issue refunds in this situation.
